PROFILE SUMMARY

Front-End Developer focused on building fast, accessible, and intuitive user interfaces. Skilled in React, Next.js, and Nuxt.js, with hands-on experience in developing scalable web platforms and integrating APIs for real-time functionality. Passionate about creating digital experiences tailored to African users, with a strong foundation in performance optimization, cross-browser compatibility, and responsive design. Currently deepening expertise in building interactive, data-driven systems that deliver real-world impact.

CORE COMPETENCIES

Languages & Frameworks: HTML, CSS, JavaScript, React, Next.js, Nuxt.js, Vue.js.

Techniques: Responsive Web Design, Mobile-First Development, Component-Based Architecture, API Integration, Process Improvement, Code Splitting, Web Accessibility (WCAG), SEO Optimization, Cross-Browser Compatibility, Performance Tuning, Browser Debugging, UI Testing, UX Research, Product- lifecycle Implementation, Project Management.

PROFESSIONAL EXPERIENCE

FrontendDeveloper - Young People In Tech (YPIT)

July 2025 – December 2025

- Converted Figma designs into pixel-perfect, responsive interfaces, ensuring visual accuracy and consistency across mobile and desktop devices.
- Contributed to the Career Matching feature by supporting frontend implementation of AI-driven personality insights, improving how users understand and navigate career recommendations.
- Implemented UI improvements that enhanced information hierarchy, usability, and overall user experience.
- Identified and resolved frontend bugs, fixing layout, styling, and cross-browser inconsistencies to ensure a seamless experience across major browsers and devices.
- Designed and implemented responsive email templates for event registrants, ensuring attendees received clear, well-structured confirmation emails that displayed correctly across major email clients.
- Actively participated in team meetings, peer reviews, and technical discussions, collaborating with designers and engineers to deliver high-quality frontend solutions.

Junior Frontend Developer - WorkconnectAfrica

November 2024 – June 2025

- Translated product requirements into clean, maintainable UI components, introducing scoped styling and modular design patterns to improve code readability and reusability.
- Built interactive elements such as dropdowns, sliders, and modal components to enhance user interactivity without compromising performance.
- Collaborated with QA testers to identify UI edge cases and resolved over 20+ bugs during UAT, contributing to a smoother launch cycle.

Frontend Developer Intern - Workconnect Africa

August 2024 – November 2024

- Developed high-performance, SEO-optimized user interfaces using Next.js and server-side rendering, resulting in faster load times and improved visibility on search engines.
- Integrated multiple RESTful APIs to deliver dynamic data-driven components, enhancing interactivity and user engagement across core platform features.
- Partnered with UI/UX designers to refine page layouts and user flows, translating wireframes into accessible, responsive interfaces that improved usability on both mobile and desktop.

VOLUNTEER EXPERIENCE

Project Coordinator - Lagos Food Bank

2023

- Supported food distribution logistics and beneficiary outreach, contributing to the efficient delivery of aid to underserved communities in Lagos.

Digital Content Strategist - Association of Campus Journalists (LASU Chapter)

2022

- Wrote and edited over 20 campus-focused articles covering innovation, technology, and student development.

EDUCATION

BSc, Mass Communication - Lagos State University, Nigeria

2023

CERTIFICATION

FreeCodeCamp - Front End Development Certification

2023
